

69-2934

MEMORANDUM FOR: Chairman, Honor and Merit Awards Board

SUBJECT : Processing HMAB Submissions

Bob:

Recently the size of the HMAB package delivered here has been rather huge. It seems that we should give some thought to constructing this package in a fashion that will ease the Director's review and approval and offer some condensation of this voluminous data.

As you know, my pattern has been to approve for the Director Certificates of Merit, Certificates of Distinction, recommendations to appropriate military commands for decorations, and lesser awards; reserving for the Director and the Deputy Director the approval of Intelligence Medals of Merit, Distinguished Intelligence Medals, and Intelligence Stars.

It occurs to me that in those cases when you are forwarding more than five awards, some covering memo and summary table, similar to the attached, would be helpful and would certainly expedite processing here. Would you please give this matter some thought.

*signed*  
L. K. White  
Executive Director-Comptroller
